

International Collaborations

@ir – artistinrete APS actively promotes and develops **international collaborations**, fostering connections among artists, cultural institutions, and educational organizations across different countries.

The network operates with an **intercultural and interdisciplinary approach**, encouraging dialogue between diverse artistic languages and cultural identities, with the aim of building shared pathways of growth and social impact.

Through its projects—particularly **MediterArtFestival2025 – “Harmonies for a Wave of Peace”**—@ir has engaged artists from various international contexts, creating opportunities for:

- artistic exchange and mobility
- co-creation of multidisciplinary works
- intercultural dialogue and peace-building initiatives
- development of joint socio-educational programs

The Mediterranean dimension represents a strategic space for collaboration, acting as a **bridge between cultures, generations, and artistic expressions**.

@ir is open to partnerships with:

- cultural and artistic organizations
- schools, academies, and universities
- NGOs and third-sector institutions
- public and private bodies interested in social innovation through art

The association aims to expand its international network through **European projects, cultural programs, and transnational initiatives**, strengthening the role of art as a tool for cooperation, inclusion, and sustainable development.
